

Home From Home

Rational

Learning about ourselves is a fundamental part of child development, especially as children start to ask questions about who they are and how they are the same, or different, from others. For children to make sense of the world around them, they first need to have a good understanding of them as individuals. As we are all getting to know each other and spending more time in school, it seems the perfect time to introduce our learning journey, 'Home From Home'.

The children are attending school full-time and are continuing to settle into the new rules and routines. As they are becoming more confident, and forming trusting relationships with their adults and peers, they are beginning to share more about themselves. They bring with them a wealth of different knowledge and experiences and are naturally keen to share these. To harness and build on their prior knowledge, we will start the year by learning all about them, their families, their school and their home. This will support them in developing a strong sense of what makes them unique. We will be responding to the experiences the children bring to school with them and events that are happening around us. The links between home and school have never been more important and we are excited to build on the skills and interests that the children have.

You are invited to

A Guided Tour of our Classroom

Over the first half term, the children have been learning all about their school and their classrooms. They are now experts in all the daily routines and would like to share their learning environments with you.

We would like to invite you to come back up to the classrooms from 3:10 – 3:30 so the children can have a chance to show you around. Please leave via Lewesdon Drive.

Join us on **either:**

Tuesday 22nd October

or

Thursday 24th October

We look forward to seeing you then!
